

WELCOME

I want to personally THANK YOU for partnering with us at the San Diego Rescue Mission. As a result of your generosity, we are able to meet the needs of the abused, addicted, and homeless people throughout San Diego.

When we first opened our doors in 1955 to the homeless, the Rescue Mission offered little more than a warm meal, temporary shelter and the good news that Jesus loves them. Our message is still the same, but today we provide our residents with a full range of services that ultimately saves San Diego taxpayers \$50 million a year. This is only possible with God's help and the generous donations of caring friends like you.

We hope you'll enjoy this quick peek on how, as partners, we are able to do serve so many homeless men, women, and children together.

Thank you again and God bless,

Herb Johnson

THANK YOU

for changing lives like these!

"Eleven months ago my life fell apart. Homeless, destitute, no friends, spiritually bankrupt as well as financially bankrupt. While at the San Diego Rescue Mission God keeps opening doors...I don't even know where to begin to say thank you." - Robert

"I have been delivered. I am not broken. I've been made whole. I will forever cherish the love and patience the Mission gave to me in my process of achieving true wellness...the Mission does change lives!" - Marcy

Changing Lives Since 1955

LIVES Change Here

How Your Support Changes LIVES!

Nueva Vida Haven

Women and their children can escape the hazards of the streets in our overnight emergency shelter. Our staff works with these women to discover the best long-term

help for their specific situation. Women receive more than a safe night's sleep and two hot meals. They leave knowing they are a cherished child of God.

Recuperative Care Unit (RCU)

This program addresses the critical need of housing homeless men and women being released from the hospital or requiring medical attention. The RCU

offers up to 32 patients a safe and supportive environment, meals, oversight of medical treatment, and follow-up care. The program also helps patients establish eligibility for public benefits and works to secure them long-term housing.

Men's Center

Men find the help they truly need during our 12-month state-licensed recovery program. We do more than give people a home. We help our residents confront

and defeat the problems that led to homelessness in the first place. Residents work to overcome their addictions and get the educational, vocational, and spiritual help they require to live independent, God-centered lives.

How Your Support Changes LIVES!

Partners for Hunger Relief

Our food recovery program helps thousands of people annually. We work with over 100 grocery stores, restaurants, caterers, and hotels to collect food that would otherwise be wasted. These provisions are then used at the Mission and also given away to dozens of other agencies.

Outpatient Clinic

This psychotherapy center is a free resource to the community. Therapy is available to the homeless, addicted, abused, and those at risk for becoming so. The goal is to provide quality therapy to those who could not otherwise afford it.

Women & Children's Care Center

Women can find the healing they need while still raising their children in our innovative 12-month residential program. This program includes parenting classes, life skills classes, therapy, and how to avoid, among other things, abusive relationships. The children get special attention from staff that helps them thrive in their new, safe environment, which includes a new playground.
