

## How To Make A No Sew Fleece Blanket

Thank you for offering to make a blanket for our neighbors who are living on the streets or recovering from homelessness at the San Diego Rescue Mission. You are so kind to think of ways to bless others in need. We'd love it if you could take photos of you and your family/friends with your unfinished and completed blanket and share them with us and via social media to let people know about this simple way to serve! @sdrescue, #sdrescue

### **Materials:**

- 2 pieces of fleece fabric (2 yards each, available at local fabric store or online)
- Scissors
- Ruler
- 4" x 4" piece of cardboard
- Straight pins (optional)
- Note of encouragement (optional)

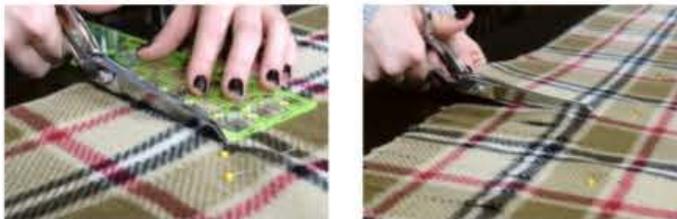

**Step 1:** Line up the two fabric pieces. Trim to the same size, if needed.

**Step 2:** Cut out each corner: Using the cardboard as a guide, cut a 4 inch x 4 inch square out of each corner.

**Step 3:** Cut the fringe: Cut 4 inch strips, 1 inchwide, along the four sides of the fleece. You can pin the two pieces of fabric together to keep them in place while you use the ruler to make sure the lines are straight.

**Step 4:** Tie the knots: Tie the two pieces of opposite fringe together in a knot and continue this on all four sides.

*NOTE: If you want to get creative, check out YouTube for all sorts of knot-tying options for the fringe!*

That's it! You're done! Please return your completed blankets (along with an encouraging note for the recipient if you'd like) to the San Diego Rescue Mission at 120 Elm Street in Downtown, San Diego. Thank you so much!
