

# HOW TO GIVE AN "I SEE YOU" KIT

01

Approach the neighbor gently and slowly, kneeling to their eye level, and offer a warm, "hello." Introduce yourself.

Ask them what their name is, and engage in a casual conversation with the neighbor.

02

03

Before handing them the hygiene kit, listen attentively to what they share about their day, their needs, and their struggles.

Offer to pray for them. After prayer, say something like, "I have a hygiene kit that has shampoo, soap, socks (list the remaining items). Would you have a use for this?"

04

05

Be prepared for the neighbor to only want certain items, or deny it entirely.

As the conversation wraps up, remind the neighbor that if they are interested in getting off the streets, an admissions card to the Rescue Mission is inside the kit.

06

07

Finally, offer a "thank you for taking the time to talk to me" and a friendly, sincere smile.
